A Time to Connect With Each Other Throughout The Week

Questions Connected  
to our Scripture:

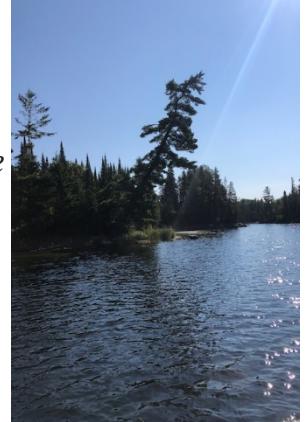

- How can we have our roots grow down into Christ?
- What are ways that we can follow Jesus Christ?
- What are ways that we can build our lives on Christ?

This Week's Scripture:

## “Rooted” A Family Devotional

We have a cabin in Sioux Narrows, Ontario, Canada. We haven't been able to get up there due to COVID restrictions and the border being closed. We were recently able to get up there and I am reminded of how important it is to rest. We were out fishing one day and came across this tree in one of the bays that we like to go to.

This tree has been like this since I can remember and has continued to grow leaning over the lake. Many trees have fallen down during big storms up there, but this one has remained the same. It shows me the power of roots. This tree has to have strong roots to grow like it is and to last through ice and storms. That is what we are learning about this week. To have our lives be rooted in him and so that our faith can grow deep in him.

Dear God,

We lift our lives up to you. We seek to be rooted in you, so that we can be sturdy and strong like this tree. Let our roots grow down deep that we can be strong in the Lord. Thank you for this precious gift. In your name we pray, Amen.
